| PATHOLOGY           |                            |  |  |
| Sl no               | Name                       | Designation                            | Article  |
| 1                   | Dr. Vidyadhar Rama Rao     | Professor,HOD PATHOLOGY                | 1. HISTOPATHOLOGICAL STUDY OF LYMPH NODE LESIONS<br>VXL PUBLISHERS<br>2. ENDOMETRIAL STROMAL SURCOMA - A CINICO PATHOLOGICAL STUDY PUBLISHERS (AKSHANTHALA ENTERPRISES. PVT. LTD MYS)<br>3. EVALUATION OF ANEMIA USING RED CELLS AND RETECULOCYTE PARAMATERS USING AUTOMATED HEMATOLOGY ANALYZER PUBLISHED BY LEVEL UP BUSINESS CENTRE, MYSORE<br>4. A CLINICO PATHOLOGICAL STUDY OF BENIGN TUMORS OF BONE IN NORTHERN KERALA. PUBLISHED BY LEVEL UP BUSINESS CENTRE , MYSORE<br>5. THYMOMA WITH HISTOLOGICAL HETEROGENEITY-A CASE REPORT SAS PUBLISHERS<br>6.AMELANOTIC MELENOMA OF RECTUM - A RARE CASE REPOR  |
| 2                   | Dr. SHEETHAL SHANIBI T.M   | Associate Professor PATHOLOGY          | 1.SCHOLARS JOURNAL OF MEDICAL CASE REPORT  |
| 3                   | DR. INDU RAJAGOPAL         | Associate Professor PATHOLOGY          | 1.HER 2 EXPRESSION IN GASTRIC AND GASTRO ESOPHAGEAL JUNCTION ADENOCARCINOMAS   |
| 4                   | DR. PURUSHOTHAM B          | Professor PATHOLOGY                    | 1. HUMAN SUBCUTANEOUS Dirofilariasis of foearm- an unusual presentation<br>2.granulomas in bone marrow - Astudy of fourteen cases<br>3. clinicohaematologic profile of storage disorders- Areport of 15 cases<br>4.concurrent presentation of tuberculous adenitis& thrombocytopenic purpura-A report of two cases<br>5.Tonsilar enlargement in acute lymphoblastic leukemia<br>6. primer intestinal lymphoma: Aclinicopathology study   |
| 5                   | DR. NIRANJAN PRASAD        | Professor,HOD PSYCHIATRY               | 1.Why not psychiatry??? Interns of a medical college in northern kerala responds<br>2.Psychopathology, dis ability and family burden patients with schizophrenia and bipolar effective Disorder- A comaprison<br>3.internet adiction and substance use disorders in adoesent students- a cross sectional study<br>4.barriers to seekde addiction services in subject eith alchahole use disorder- a cross section study<br>Anxiety, Depression, Somatic Symptoms and fear of recurrence in multiple meteloma survivors:<br>prevalence of perceived stress, Anxiety, Depression, and its correlation with severity in seborrhoic dermatitis patients attending dermatology OPD (SD-SAD)<br>Study on Anxiety, Depression, Quality of life and its correlation with sleep problums among adult cancer patients<br>stress,Psychological distress, copying anxiety and depression in parents of children with specific learning dis order (SD-CAD/ SLD)<br>Anxiety , depression, quality of life and its correlation with sleep problems with breast cancer patients - an institutional based cross sectional study<br>Internalizing and externalizing factors effecting internet addiction and substance use disorders in adolescents - cross sectionaql anelictical study   |
| 6                   | Dr. SUJITH OVALATH         | PROFESSOR NEUROSURGERY                 | 1. pallidonigral tdp-43 Pathology in perry syndrome<br>2. Functional Electrical stimulation in neurological disorders<br>3. Local thrombolysis unresponsive to heparin<br>4. Non- linear analysis of EEG signal : surrogate date analysis<br>5. The history of parkinsonism:descriptions in ancient literature<br>6. Review therapeutic options for continous dopaminergic stimulation in parkinson's disease<br>7. Artificial neural networks in the identification of peripheral nerve disorders<br>8. Acclinical decision support system with an integrated EMR for diagnosis of peripheral neuropathy8<br>9. Computer aided diagnostic problem solving: Identification of peripheral nerve disorders<br>10. Granulomatous lymphadenopathy secondary to phenytoin therapy<br>11. Restless legs syndrome<br>12. Treatment options in trigeminal neuralgia an update<br>13. A novel fuzzy expert system for the identification of severity of carpal tunne Syndrome<br>14. Dopa responsive dystonia variability in clinical presentation<br>15. Granulomatous lymphadenopathy: case<br>16. An Unusual Cause of Coma<br>17. Prevalence of panic attacks among Parkinson's patients of South India<br>18. Panic Attack-An Underrecognized Symptom in Parkinson's Disease<br>19. Descriptions of Parkinson's Disease in Ancient Indian Medical Literature<br>20. Dopaminergic Denervation Pattern in Parkinson's Patients with and without Depression-A Comparative Study<br>21. TDP-43-positive inclusions are characteristic of Perry syndrome<br>22. Complications of large volume plasmapheresis in neurological disorders-An Indian scenario<br>23. Local thrombolysis using high dose urokinase for cortical vein thrombosis |
| 7                   | Dr. SREENIVAS              | PROFESSOR ORTHOPEDICS                  | 1. Neonatal septic arthritis in a tertiary care hospital: a descriptive study.<br>2. A retrospective analysis of osteochondroma of scapula following excision biopsy. Acta Orthop Belg. 2015 Jun;81(2):303-7.<br>3. Multiple osteochondroma of the hand in a 6 year old child- a case report.<br>4. Congenital insensitivity to pain and anhydrosis: a report of two cases.<br>5. Calcific myonecrosis of the leg treated by debridement and limited access dressing.<br>6. Acute hematogenous septic arthritis of the knee in adults.<br>7. Late septic hip dislocation with multifocal osteomyelitis and malaria: a case report.<br>8. Synchronous symmetrical atypical osteoid osteoma of tibia: a case report.<br>9. Acute multifocal hematogenous osteomyelitis in children.<br>10. Heterotopic ossification of the elbow after closed reduction and retrograde intramedullary nailing for radial neck fracture treated by anconeus interposition.<br>11. Parental consanguinity and associated factors in congenital talipes equinovarus.<br>12. Comment on Memisoglu et al.: Does the technique of lateral cross-wiring (Dorgan's technique) reduce iatrogenic ulnar nerve injury?<br>13. Brodie's abscess of the posterior ilium: a rare cause for low back pain in children.<br>14. Serum Procalcitonin is a sensitive and specific marker in the diagnosis of septic arthritis and acute osteomyelitis.<br>15. Osteomyelitis and pyomyositis due to Pseudomonas aeruginosa in a child with sickle B0-thalassemia.  |
| 8                   | DR. RAMESHAN T             | PROFESSOR & HOD Physiology             | 1. Adult interpersonal relation hips and resilience during work from home in Covid-19 an exploratory study   |
| 9                   | Dr. ANITA SREEDHARAN       | Associate Professor Physiology         | 1. A Prospective study on prevalence of hypertension and its impact on glomerular filtration rte (GFR ) in a tertiary care hospital<br>2. Ac omparative study of automated V/S manula measurement of blood pressure in a tertiary care hospital<br>3. A prospective study of serum thyroid stimulating hormone and lipid function in post menopausal women   |
| 10                  | Mrs. LATHA SASIDHARAN      | Assistant Professor Biochemistry       | 1. Pattern of protecting secretion after normal vaginal delivery and cesarean delivery   |
| 11                  | Dr. SHARMILA K             | Associate Professor BIOCHEMISTRY       | 1. Adiponectin as biomarker for biomarker cardiometabolic syndrome in prehypertensive subjects<br>2. Life style induced oxidative stress among dyslipidemic subject and its risk for prehypertensions<br>3. Haematological and molecular cytogenetic studies in hypertensive subjects<br>4. Role of adiponectin, interleukin- 6 and somatic DNA damages for predicting cardiovascular diseases among subjects with prehypertension<br>5. Lifestyle behaviour and physical activity on body mass index among medical students<br>6. Molecular and biomedical studies on subjects with increased waist circumference<br>7. Predisposing factors in polycystic ovarian syndrome for cardiovascular disease<br>8. Genetic instabilities and oxidative stress in children born to PCOS mothers  |
| 12                  | Dr. Vidyadhar Rama Rao     | PROFESSOR & HOD Pathology              | 1. Endometrial Pathology in abnormal uterine bleeding<br>2. Acinico pathological study of benign tumors of the bone in northern kerala   |
| 13                  | Dr. Indu rajagopal         | Associate Professor PATHOLOGY          | 1. HER 2 expressions in gastric nd gastro es<br>2. Endometrial pathology in abnormal uterin bleeding<br>3. Histopathological spectrum of oral cavity lesions at a tertiary care hospital in south india  |
| 14                  | Dr. Bithun Balan           | Associate Professor Pathology          | 1. Comorbidities and their management in patients with chronic kidneyndisease in tertiary hospital in south india<br>2.Primary Cutaneous Adenois Cystic Carcinoma -An Onerous task for cliniciansand pathologists<br>3. Clinico- pathological profile of salivary gland tumors: Initial experience at a cancer centre in south india<br>4. Clinico pathological study of anemia<br>5. Effectiveness of flip mode class room in medical education<br>6. Utility of Data driven insights in clinical out comes in diebets patients   |
| 15                  | Dr. Vineetha               | Assistant Professor Pathology          | 1. Effectiveness of Flip Mode class room in medical education<br>2. Utility of data driven insights in clinical outcomes in diabets patients<br>3. Aneurysmal fibrous histiocytoma: a rare variant   |
| 16                  | Dr. Nishanth Prabhakaran   | Associate Professor Community Medicine | 1. A Cross- Sectional study on knowledge and attitude regarding vericella among medical and nursing students in a tertiary care hospital, KANNUR, Kerala<br>2. Methicillin resistant stephylococcus aureus naseI carriage its prevalence, Risk factor, antibiotic susceptibility and decolonization among health care workers in a tertiary care hospital in south india<br>3. Microbiological profile of chronic suppurative otitis media and their antibiotic sensitivity pattern in a tertiary care hospital in south india<br>4. Microbiological Profile of chronic suppurative otitis media and their antibiotic sensitivity pattern in a tertiary care hospital of northern kerala   |
| 17                  | DR. MOHAMMED HISHAM. PP    | Professor & HOD                        | 1. Beware of foreign body sensation this live worm swim through your eye - A case series on increasing prtevalance of oculardirofilariasis in tropical<br>2. Methicillin resistant stephylococcus aureus naseI carriage its prevalence, Risk factor, antibiotic susceptibility and decolonization among health care workers in a tertiary care hospital in south india<br>3. Detection of AMPC beta lectamases I cefoxitin resistant gram negative clinical isolates using phenilboronic acid<br>4. Microbiological Profile of chronic suppurative otitis media and their antibiotic sensitivity pattern in a tertiary care hospital of northern kerala  |
| 18                  | DR. SHYNA KP               | Professor & HOD PAEDIATRICS            | 1. Evaluation of skin prick test reactivity in children with allergic diseas A cross sectional study<br>2. Clinical Laboratory profile and outcomes inchildren with snakebite from eastern india   |
| 19                  | Dr. Sayed Barkiya          | Associate Professor Paediatrics        | 1. Clinico - Etiological profile and outcome of neonatel respiratory distress<br>2. Children with poor school performance for specific learning disability<br>3.Effect of aerosolized levosalbutamol verses salbutamol on serum pottasium level and heart rate in children with acute exacerbation of asthma   |
| 20                  | DR. SUJITH OVALATH         | PROFESSOR General Medicine             | 1. Movement disorders: the genesis and progression in india : neurological prospective<br>2. The history of parkinsonism:descriptions in ancient literature<br>3.The Prevalence of extended - spectrum B- L actamasa- producing enteriobacterium in Urly isolates from patients visiting a teaching hospital in north kerala<br>4.A novel fuzzy expert system for the identification of severity of carpal tunnel syndrome<br>5. Artificial neural networks in the identification of peripheral nerve disorders<br>6. A Case of euthyroid steroid - responsive EnceIopathy with subacute pneumonia   |
| 21                  | DR. Tirupathy S Rajasekhar | Professor General Medicine             | 1. A clinical study on active pulmonary tuberculosis using cancer antigen-125 as a diagnostic and prognostic tool<br>2. A clinical study of left vantricular function in patients with cronic obstructive pulmonary disease<br>3. A clinical study on the role of color doppler in differenciating pleural thickening and minimal pleural effusion in adults   |
| 22                  | Dr. Lalith Sundaram        | Profesor Ophthalmology                 | 1. Be ware of foreign body sensation this live worm can swimm through your Eye - A case series on increasing prevalence of ocular Dirofilariasis in topical<br>2. Central Corneal Thickness ( CCT) Measurement in Each Trimester of pregnancy A screening parameter for a healthy eye During Pregnancy : A Prospective<br>3. Peripallieri retinal nerve fibre layer thickness change after panretinal photocoagulation and its relation with visual acuity changes in poatients with diabetic<br>4. New therapy for ocular surface disorders on the horizon - Prosthetic replacement of the ocular surface ecosystem - A review article<br>5. Central Corner Thickness ( CCT) Measurement in each trimester of pregnancy : Ascreening parameter for a healthy eye during pregnancy: A Prospective<br>6. Surgical Management of congenital glucoma: Along term clinical study and its outcome   |
| 23                  | DR. CP MUSTAFA             | PROFESSOR General Surgery              | 1. A Prospective randomised study of the effect of diltiazem in the dre and proctoscopic examination   |
| 24                  | DR. NIRANJAN PRASAD        | PROFESSOR Psychiatry                   | 1. Internet addiction and substance use disorder in adolscent students- A Cross section study  |
| 25                  | DR. SRIRATH                | PROFESSOR Dermatology                  | 1. Clinical study of skin manifestation of hypothyroidism at a tertiary hospital in north kerala<br>2. Clinico- Epidemiological study of childhood lichen panus at a tertiary care centre in south india<br>3. A Clinal and epidemiological study of pityriasis versicolor<br>4. Clinical profile of childhood vitiligo at a tertiary hospital in north kerala   |
| 26                  | DR. SRINATH                | PROFESSOR Dermatology                  | 1. Acrodermatitis enteropathica in an infant with normal zink levels<br>2. Granulomatous cheilitis with granulimatosus: A rare association<br>3. Diffuse cutaneous leishmaniasis in coexistence with leprosy<br>4. Disseminated discoid lupus erythematosus leading to squamous cell carcinoma<br>5. Clinical and epidemiological features of coryneform ski infections at a tertiary hospital   |
